Education

Backend plus

UIC Academy

Sep 2024 - Present

I completed the backend-plus course at UIC Academy. This course is completely hands-on and very valuable for gaining great experience. in a practical course:

Django Signals, Throttling, Celery, Redis, Cacheng, WebSocket, Payment, Custom Management Commands, Docker, AWS, DigitalOcean, Gunicorn, NGINX, CI/CD, Light introduction to Microservices

Python backend

TechSchool, Toshkent

Jan 2022 - Jul 2022

In this course I learned python basics and python frameworks for backend

Bachelor

TATU, Toshkent

Sep 2019 - Jul 2023

I graduated from the Faculty of Telecommunications and Broadcasting at TATU, it was my study here that led me to enter the IT field.

Experience

HR, Rekruting

Best - albino, Toshkent

Feb 2024 - Des 2024

I worked as HR manager and recruiting in Best-abino distribution company and it gave me great experience in how to deal with people and how to solve problems.

Backend developer

freelancer, Toshkent

I have participated in many projects as a freelancer, the best ones.
